

**United Way of Tucson
and Southern Arizona**

Vote before July 15!

[Help Families Escape Poverty by Voting Now!!!](#)

United Way is pleased to announce that we have been matched with one of the Top 50 project ideas in the "The Members Project" from American Express. United Way International is the fulfilling organization for a micro lending project that would help 50,000 families escape poverty.

As part of this project, American Express will donate \$1 for each card member who registers and votes. This is a great opportunity for United Way to support for our global work impacting families and communities.

If you are an American Express cardholder, please join us and vote to help United Way and these families: http://www.membersproject.com/Community_Development/103

Please also send this link to your associates, friends and family and encourage them to vote too. Just make sure you vote before July 15 to keep us in the running.

Thanks for your support !!!
